Creation and Blessing-Allen P. Ross 1997-02-01 Creation and Blessing is an exceptionally helpful guide for pastors and teachers. Its literary, exegetical, and theological analyses will enrich any exposition of Genesis. The author's purpose is to "help the reader appreciate the major literary and theological motifs that form the theological ideas in the narratives, and to demonstrate how these theological ideas can be developed into clear and accurate expository ideas." To accomplish this goal, he divides Genesis into more than sixty units, discussing each unit's theological ideas, describing its structure, and synthesizing its message, as well as providing an exegetical outline, an expository outline, and a bibliography.

Original Blessing-Danielle Shroyer 2016-11-01 Of the world’s three major religions, only Christianity holds to a doctrine of original sin. Ideas are powerful, and they shape who we are and who we become. The fact that many Christians believe there is something in human nature that is, and will always be, contrary to God, is not just a problem but a tragedy. So why do the doctrine’s assumptions of human nature so infiltrate our pulpits, sermons, and theological bookshelves? How is it so misconstrued in times of grief, pastoral care, and personal shame? How did we fall so far from God’s original blessing in the garden to this pervasive belief in humanity’s innate inability to do good? In this book, Danielle Shroyer takes readers through an overview of the historical development of the doctrine, pointing out important missteps and overcalculations, and providing alternative ways to approach often-used Scriptures. Throughout, she brings the primary claims of original sin to their untenable (and unbiblical) conclusions. In Original Blessing, she shows not only how we got this doctrine wrong, but how we can put sin back in its rightful place: in a broader context of redemption and the blessing of humanity’s creation in the image of God.

Genesis-R. Kent Hughes 2004-10-26 The book of Genesis contains some of the most beautiful and well-known stories in the Bible: the garden, the flood, the tower of Babel, and the lives of the patriarchs. But these are more than just good stories. They lay the groundwork for God’s relationship with humanity and for his plan for our salvation, making Genesis foundational to understanding everything else that happens in the Bible. Genesis reveals much about human nature and the nature of God. From the actions of the first man and woman, we see where our rebellious, sinful nature originates. And through the whole book we see the hand of a sovereign God who is loving and merciful, but also just and holy. Time and again in Genesis, God showers his grace upon undeserving humanity, giving us our first tastes of God’s enduring faithfulness that shines throughout the entire Bible. R. Kent Hughes, respected pastor and author of many other commentaries in the Preaching the Word series, takes readers back to the beginning of the Bible and moves through Genesis with careful exegesis. He explores the superbly crafted structure of the book as well as the weighty themes it contains. For those who preach, teach, and study God’s Word, this exceptionally detailed work will reveal much about the beginnings of God’s great story. Part of the
Preaching the Word series.
Holiness to the Lord-Allen P. Ross 2006-03-01 At first glance, the Book of Leviticus seems like barren material for lively preaching. Most expositors merely skim the surface for messages on tithing or sabbath-keeping. Yet Leviticus is one of the most important books of the Old Testament; it not only describes the complete religious system of ancient Israel, it also lays the theological foundation for the Christian gospel. In Holiness to the Lord, Allen P. Ross enables preachers and teachers to mine the riches of Leviticus and deliver them to a contemporary audience. Following the same practical method he used in the acclaimed Creation and Blessing, Ross first carefully sites Leviticus within its context in the ancient world. Then he traces the development of God's plan of salvation-how Leviticus' laws, rituals, symbols, and events prepared for the complete revelation in Jesus Christ. Finally, unlike traditional commentaries, Ross offers helpful ideas for correlating Leviticus to New Testament teachings (particularly Romans, Hebrews, and Peter) and for applying the material in relevant expository form. Holiness to the Lord is every expositor's indispensable guide for interpreting the Law for the church and for elucidating Leviticus in practical, biblical messages about worship, sanctification, and obedience.

Divine Blessing and the Fullness of Life in the Presence of God—William R. Osborne 2020-09-24 “He who did not spare his own Son but gave him up for us all, how will he not also with him graciously give us all things”—Romans 8:32 As Christians, “blessing” pervades our everyday lives—from testimonies recounting God’s provision, to praise songs, to wishing someone well. The term has been so integrated into our everyday vocabulary that it is rarely considered carefully. Many people think that blessing is described as either physical (Genesis 1:22) or spiritual (Ephesians 1:3), but a fuller biblical-theological approach reveals that God’s blessing has always been physical, spiritual, and—ultimately—relational. Unpacking this pattern throughout redemptive history, William Osborne shows that divine blessing is not just a good gift here or there, but the fullness of all we were created to be, in relationship with our Creator.

Creation Spirituality—Matthew Fox 1991-03-29

From Matthew Fox, the popular and controversial author of The Coming of the Cosmic Christ, a prophetic manifesto for the preservation of the planet. For those new to the works of Matthew Fox, and for those eager to learn his thoughts after his Vatican-ordered public silence, comes this introduction to creation spirituality—Fox’s framework for a far-reaching spirituality of the Americas.
Passionate and provocative, Fox uncovers the ancient tradition of a creation-centered spirituality that melds Christian mysticism with the contemporary struggle for social justice, feminism, and environmentalism. Basic to Fox's notion of creation spirituality is the gift of awe—a mystical response to creation and the first step toward transformation. Awe prompts indignation at the exploitation and destruction of the earth's people and resources. Awe leads to action. Showing how we can learn from each other, Fox's spirituality wedds the healing and liberation found in both North and South America. Creation Spirituality challenges readers of every religious and political persuasion to unite in a new vision through which we learn to honor the earth and the people who inhabit it as the gift of a good and just creator.

The Lonely Man of Faith-Joseph B. Soloveitchik 2009-07-01 Joseph B. Soloveitchik, the rabbi known as “The Rav” by his followers worldwide, was a leading authority on the meaning of Jewish law and prominent force in building bridges between traditional Orthodox Judaism and the modern world. In THE LONELY MAN OF FAITH, a soaring, eloquent essay first published in Tradition magazine in 1965, Soloveitchik investigates the essential loneliness of the person of faith in our narcissistic, materially oriented, utilitarian society. In this modern classic, Soloveitchik uses the story of Adam and Eve as a springboard, interweaving insights from such important Western philosophers as Kierkegaard and Kant with innovative readings of Genesis to provide guidance for the faithful in today's world. He explains prayer as "the harbinger of moral reformation," and discusses with empathy and understanding the despair and exasperation of individuals who seek personal redemption through direct knowledge of a God who seems remote and unapproachable. He shows that while the faithful may become members of a religious community, their true home is "the abode of loneliness." In a moving personal testimony, Soloveitchik demonstrates a deep-seated commitment, intellectual courage, and integrity that people of all religions will respond to.

In addition to commenting on the book of Malachi, this volume shows how to develop biblical expositions from a solid exegetical analysis of the text. "I have chosen the book of Malachi," writes the author, "because it is short and can be easily expounded in a short series, and because it has a good variety of forms and constructions that provide test cases for a practicum in exegesis. But most of all, because the messages recorded here are needed just as much today as in Malachi's day."

From Noah to Israel-Carol M. Kaminski 2004-01-01 The primateal blessing, 'Be fruitful and multiply, and fill the earth,' first announced to humankind in Genesis 1.28 is renewed to Noah and his sons after the flood in Genesis 9.1. There is widespread scholarly consensus that the ensuing dispersion in Genesis 10.1-32 and 11.1-9 is the means by which the creation blessing is fulfilled. Kaminski argues that the primateal blessing is not fulfilled in the Table of Nations and that Yahweh’s scattering Noah's descendants in the Babel story does not contribute positively to the creation theme. Rather, the creation blessing is being taken up in the primary line of Shem (Genesis 11.10-26), which leads directly to Abraham. She further suggests that divine grace is not absent after the Babel judgment, as is commonly assumed, but is at work in the Shemite genealogy. She argues that the primateal blessing, which is unfulfilled in the primateal history, is taken up by Abraham and his descendants by means of a divine promise. While the blessing is in the process of being realised in the patriarchal narratives, it is not fulfilled. The multiplication theme is resumed, however, in Exodus 1.7, which describes Israel's proliferation in Egypt. This is the first indication that the creation blessing is fulfilled. Realisation of the primateal blessing progresses after the flood, therefore, from Noah to Israel. Yet God's blessing on Israel is not for their sake alone - it is the means through which the divine intention for creation will be restored to the world. JSOTS413>
